TATVA COLLECTION

The Tatva Collection is a precision, structure, and the essence of material purity. Inspired by geometric parquetry work, this collection redefines craftsmanship with a minimal and architectural approach.

Crafted from brushed natural oak veneer, each piece showcases meticulously arranged geometric veneer parquetry on the doors and drawers, creating a seamless pattern of balance and order. This technique, deeply rooted in Indian craftsmanship, has been reimagined through the precision of modern machinery—where the fusion of hand-finishing and technology brings out the finest details.

With bold, sharp legs and a clean, straight-line aesthetic, Tatva embraces simplicity with no curves, no softness—just pure geometry and form. The result is a collection that feels timeless, contemporary, and deeply connected to the artistry of structured design.
